The Wind`s Melody: Theme of the Kite Festival

DIEPPE, NB — The organizing committee of the Dieppe International Kite Festival is pleased to announce that Suzanne Cormier Dupuis, of Dieppe, is the lucky winner of the contest to name the theme of the festival with her entry “The Wind`s Melody.”

The contest was held last March, and a number of people from the local area and elsewhere took part.

“The Wind`s Melody stood out because of its originality and the idea that kites can create an atmosphere of fantasy with the help of the wind,” said Nathalie Haché, communications officer.

The chosen entry earned the winner a Rokkaku kite and four passes to the festival, which will take place in Dieppe`s Dover Park next August 11–15.

This colourful annual event, which attracts competitors from across the world, features activities in three areas: kites, the community, and culture.
