

Exterior Signage Grant Program

Objective: To help Dieppe businesses install bilingual signs outdoors.

Criteria:

- Only one request per business will be accepted by the municipality and it must be for the main exterior sign displayed on the building or on a free standing permanent post.
- Only local businesses established in Dieppe can benefit from this program (chains and franchises are excluded).
- The business must demonstrate its commitment to offering bilingual services to its clients: customer service, telephone service and interior signage.
- **The grant will represent up to 40% of the total cost of work, with a maximum amount of \$3,000.**
- Interested businesses must submit a request to the municipality indicating the name and address of the business as well as the owner's name. A model of the new sign and two quotes from different companies including a list of project costs must accompany the request. The French and English versions of the message must be similar and their lettering must be of equal size.
- Proof of the required permits issued by the City of Dieppe for the construction or modification of the sign.
- White billboards with interchangeable lettering are not subsidized.
- All requests are subject to approval by the City of Dieppe.
- The City of Dieppe will determine its final contribution once the sign has been installed, the original invoice (or a photocopy thereof) has been submitted and a city staff member has reviewed the sign.
