

Instructions for swimming lessons

Before and during the lesson

- Swimmers must shower before entering the pool.
- Please be certain your child has gone to the bathroom before his swimming lesson. Your child can be excused at any time during his swimming lesson in order to prevent closure of the pools.

Required items

- Special diapers for swimming must be worn by all children still in diapers or who are not completely trained.
- We recommend that swimmers place their belongings in a locker and use a lock as management disclaims all liability for items lost or stolen.
- The use of nose clips during swimming lessons is forbidden.
- Goggles are not recommended before level 3.

Illnesses

- Anyone suffering from a contagious disease or from diarrhea cannot use the pool facilities. A person should wait seven days after his illness before returning to the pool.

Pool side rules for parents

- The only persons allowed to remain pool side are swimmers. Parent and spectators must go to the observation deck.
- Shoes are strictly forbidden on pool side.
- To ensure that children have a safe return home, accompanying adults must be present when swimming lessons end.
- We recommend that parents or guardians remain in the building during swimming lessons.

Behavior and discipline

- Lifeguards and management reserve the right to impose sanctions or expel anyone from the premises, if a person refuses to follow the rules and regulations, interferes with the normal functioning of classes or poses a threat to the security of other swimmers.

Cancellation of a swimming lesson

- If there is a cancellation of a swimming lesson due to the closure of the pool (water contamination), the Center will contact participants of classes affected as soon as possible.
- In case of inclement weather, cancellation of lessons or closure of the Center will be announced on the Cancellation Info-line 384.DIEP (3437).
- A child pass and an adult pass for public swim will be given to all participants, if their swimming lesson has been cancelled (contamination or closure due to storm).
- For logistic and uniformity reasons, no classes will be replaced.
